DID YOU KNOW!

The first person who managed to make a “photographic” snapshot constant, that is to fix the image was Joseph Niepce. The very first snapshot in the history of photography is considered “view from the window,” dated 1826. The exposure of the shot lasted 8 Hours.

SUBJECT TO CHANGE (COVID PANDEMIC)/Natural Disasters

ANNOUNCEMENT

Appearance is key. All Elica learners must look neat on school days. Learners are obligated to strictly adhere to our uniform policy.

If you are experiencing any e-book related issues, please do not hesitate to send a WhatsApp Message to: 060 693 4939. Your query will be resolved instantly!
